LAW OF UKRAINE

About the state support of cinematography in Ukraine

(Vedomosti Verkhovnoi Rady (VVR), 2017, № 20, p.240)

With changes made in accordance with Laws
№ 130-IX of 20.09.2019, VVR, 2019, № 46, Article 298
№ 164-IX of 03.10.2019, VVR, 2019, № 49, Article 331

This Law defines the principles of state support for cinematography in Ukraine, which aims to create favorable conditions for the development of film production, the establishment of transparent procedures for state funding of projects in the field of cinematography.

Section I
GENERAL PROVISIONS

Article 1. Scope of the Law

1. This Law shall apply to cinematographic subjects, legal entities regardless of the form of ownership, natural persons - entrepreneurs and natural persons who carry out activities related to cinematography and / or carry out production, storage, distribution, demonstration, etc. use of films and other audiovisual works on the territory of Ukraine.

Article 2. Legislation on state support of cinematography

1. Legislation on state support of cinematography consists of the Constitution of Ukraine, the Civil Code of Ukraine, this Law, the laws of Ukraine "On Culture", "On Cinematography", "On Television and Radio Broadcasting", "On Copyright and Related Rights", "On State assistance to business entities" and other legislative acts of Ukraine, as well as international agreements, the binding nature of which has been approved by the Verkhovna Rada of Ukraine.

2. The terms used in this Law are used in the meanings defined by this Law, as well as the Law of Ukraine "On Cinematography".

Section II
PRINCIPLES OF STATE SUPPORT FOR CINEMATOGRAPHY

Article 3. The purpose of state support of cinematography

1. Cinematography is recognized as a sphere of culture that is supported by the state, taking into account the purpose and principles enshrined in this Law and other legislative acts of Ukraine.

2. The purpose of state support of cinematography is:

1) creation of appropriate legal and economic conditions necessary for the development of cinematography;

2) the formation of economically self-sufficient, competitive in international markets industry of cinema, film production and other audiovisual works;

3) creation of favorable conditions and development of modern infrastructure for the production, screening and distribution of films;

4) creation of a favorable tax regime and support for the production, screening and distribution of national films in Ukraine and abroad;
5) increase in tax revenues due to the development of the cinematography industry;
6) introduction of mechanisms for attracting extra-budgetary funds, including foreign investments and funds from foreign cinematographic entities;
7) popularization of Ukrainian values, Ukrainian language and culture, increasing the interest of the mass audience in national films;
8) creation of appropriate legal mechanisms for protection of intellectual property rights;
9) creation of a quality educational base for the training of highly qualified specialists in the field of cinematography;
10) creating conditions for increasing the number of jobs, strengthening social guarantees for cinematographers;
11) development of material and technical base of cinematography, production, demonstration, distribution and popularization of films;
12) intensification of international, interstate, foreign economic cooperation and improvement of Ukraine's image on the international market as a country with a developed and highly competitive cinematography industry.

**Article 4.** Principles of state policy in the field of cinematography support

1. The principles of state policy in the field of cinematography support are:

   1) protectionism by the state in the field of cinematography, including the production, distribution, promotion and showing of films, in obtaining investments, including foreign ones;
   2) recognition of the development of cinematography as one of the priorities of state policy in the field of culture;
   3) the effectiveness of support for cinematography, including the production, distribution, promotion and showing of films;
   4) availability of state support by cinematographers;
   5) ensuring the participation of cinematographic entities, public associations representing their interests, creative unions in the formation and implementation of state policy in the field of cinematography;
   6) openness and transparency of state support procedures.

**Article 5.** The main directions of state support of cinematography

1. The state provides and stimulates the production (distribution), distribution, promotion and showing of national films on film, video networks, television, the Internet, etc., preservation, restoration, restoration of national and best examples of world cinematographic heritage, takes measures to return to Ukraine's national cinematographic heritage, which is located outside its borders, and also contributes to the protection of intellectual property rights.

2. State support is provided to cinematographic subjects regardless of the form of ownership, which ensure the creation (production), distribution, demonstration, advertising and promotion of national films, promotion of domestic film industry, basic and applied research, educational activities in the field of cinematography, in the manner prescribed by this Law.

3. The state supports joint production of films with foreign subjects of cinematography, application of world achievements of science and technology in production, distribution, popularization, demonstration, advertising, storage, restoration, restoration of films.
4. The state participates in the implementation of international and domestic cinematographic programs, in the organization of international and domestic film festivals, film markets, other events in the field of cinema and television and promotes the participation of Ukrainian cinematographers.

5. The state guarantees to all subjects of cinematography protection of intellectual property rights on the territory of Ukraine and other states in accordance with the legislation of Ukraine and international agreements, the binding nature of which has been approved by the Verkhovna Rada of Ukraine.

6. The state supports cinematography by creating favorable conditions in the areas of tax, customs, currency and other types of regulation.

**Article 6. Basic principles and financial basis of state support of cinematography**

1. State support of cinematography is carried out at the expense of the means provided for the specified purposes according to this Law, the Budget code of Ukraine, the law on the State budget of Ukraine for the corresponding year and other legislative acts. The funds received for the purposes of state support of cinematography are managed by the central executive body, which implements the state policy in the field of cinematography.

2. The central body of executive power, which implements the state policy in the field of cinematography, is the administrator of the funds of the state support of cinematography and disposes of them exclusively on the basis of the decisions of the Council on the state support of cinematography.

3. Sources of formation of means of the state support of cinematography are:
   1) funds received from the Ukrainian Cultural Fund, which performs special functions to promote the national and cultural development of Ukraine;
   2) funds of the State Budget of Ukraine provided by the law on the State Budget of Ukraine for the relevant year;
   3) other revenues not prohibited by law.

4. Expenditures for state support of cinematography are provided in the State Budget of Ukraine under a separate budget program.

5. In addition to the sources of formation of funds for state support of cinematography, provided for in part three of this article, financial support for cinematography may also be provided by:
   1) grants, gifts, charitable contributions and donations, other types of charity;
   2) funds from local budgets, including local funds for financial support of cinematography on the territory of the relevant territorial community;
   3) other sources not prohibited by law.

**Article 7. Forms of state support of cinematography**

1. State support of cinematography is carried out in the following forms:
   1) public procurement of goods, works and services necessary for the production (creation) of documentaries, educational, animated films, films for children (taking into account artistic and cultural significance), films of artistic and cultural significance (author's films) and debut films, in the amount of up to 100 percent, including the total estimated cost of production of the film;
   2) the provision of a state subsidy for the production (creation) of a film (game, animation, etc.), the amount of which may not exceed 80 percent of the total estimated cost of film.
production. The obligatory condition for granting such a subsidy is confirmation by the applicant that he has the funds necessary to finance the production of the film in the amount of not less than 20 percent of the total estimated cost of production (creation) of the film;

3) the provision of a state subsidy for the production (creation) of a television film or television series, the amount of which may not exceed 50 percent of the total estimated cost of production of a television film or television series. The obligatory condition for granting such a subsidy is confirmation by the applicant that he has the funds necessary to finance the production of a television film or television series in the amount of not less than 50 percent of the total estimated cost of production (creation) of the respective television film, television series;

4) the provision of a state subsidy for the reimbursement of part of the qualified expenses incurred by a foreign subject of cinematography in the production (creation) of a film in the manner prescribed by this Law;

5) providing a state subsidy for the purchase of mobile mobile digital complexes, vehicles to ensure the screening of national films in small towns, villages, settlements with a population of not more than 250 thousand inhabitants or electronic cinema complexes, the amount of which may not exceed 50 percent of the cost of such complexes;

6) providing a state subsidy to finance basic and applied research, as well as educational activities in the field of cinematography, including the production (creation) of films by students, study in Ukraine and abroad, etc.;

7) providing a state subsidy for the distribution and / or promotion of national films by paying in full or in part for creative meetings, presentations, premieres, advertising (regardless of the means of advertising used) and other necessary activities, including the participation of creative film groups;

8) providing a state subsidy to pay for measures to preserve, restore, restore and promote the national cinematographic heritage, return it to Ukraine if it is abroad, as well as to pay for the production of archival sets of source materials of national films that meet modern technological requirements for long-term conservation storage in the State Fund of Films of Ukraine of the archival set of source materials, source materials and film copies of all national films;

9) reimbursement to cinematographers of interest paid on bank loans received by them for the construction and / or reconstruction of buildings, structures and other infrastructure objects that will be involved in the film production process, or for the construction and / or reconstruction, and / or technical re-equipment of cinemas located in settlements with a population of up to 250 thousand inhabitants;

10) providing a state subsidy for film commissions aimed at promoting (promoting) locations in Ukraine as an attractive place for the creation of cinematographic and audiovisual products.

The list of forms of state support for cinematography in this article is not exhaustive. Additional forms of state support for cinematography may be established by the Cabinet of Ministers of Ukraine.

State support, the forms of which are defined in this article, is provided on a non-refundable basis, unless otherwise provided by this Law.

2. The objects of state support in the forms provided for in paragraphs 1-3 of part one of this article are national films, and in the form provided for in paragraph 4 of part one of this article - films that have passed the cultural test, the conditions of which are defined in Annex 1 to of this Law.
State support for the production (creation) of one film (series) is carried out only in one of the forms provided for in paragraphs 1-4 of part one of this article.

{Part two of Article 7 is supplemented by the second paragraph in accordance with Law № 130-IX of September 20, 2019 }

The requirement of the cultural test does not apply to films for which work is performed in Ukraine and / or services are provided for the organization of production and direct production and / or animation, and / or editing and tinting work, and / or work on computer graphics (CG), including work to create effects of simulation of physical processes (VFX). For the purposes of part one of Article 10 and Article 11 of this Law, such films shall be deemed to have passed the cultural test if at least 50 percent of the persons involved in the performance of works / services on the territory of Ukraine are citizens of Ukraine.

{Part two of Article 7 is supplemented by the third paragraph in accordance with Law № 130-IX of September 20, 2019 }

3. The amount of funds allocated during each budget period to finance each of the forms of state support provided for in part one of this Article shall be determined by the Council for State Support of Cinematography and may be changed by its decision within the relevant budget period.

In this case, the amount of funds allocated during a certain budget period to finance forms of state support provided for in paragraphs 5-10 of part one of this article is guaranteed at least 12 percent of the amount allocated for financing all forms of state support provided for in paragraphs 1-4 part one of this article.

Article 8. Conditions for providing state support to cinematographic subjects

1. State support is provided to cinematographic entities that are included in the State Register of Producers, Distributors and Demonstrators of Films and meet one of the following criteria:

   1) are producers, producers of documentaries, educational, animated and author's films, films for children's audiences and debut films;

   2) are film producers, film producers or television and radio organizations (having a valid broadcasting license), which have their own or one used on other grounds provided by law, the material and technical base for the production of films (pavilions and / or equipment) and which during in the last three years prior to the date of application for state support, the production of at least two TV or movies with a time of at least 70 minutes each or two television series, the total time of all series of which is at least 400 minutes, has been completed, and state certificates have been issued for these films or series. the right to distribute and demonstrate in the manner prescribed by law;

   3) are subjects of cinematography that distribute and / or show films.

State support is also provided to entities that provide higher education in the field of culture and art (cultural and artistic education), and applicants for higher education in the field of culture and art, who receive state support through higher education, as well as film commissions for relevant measures.

The establishment of additional criteria that must be met by cinematographers to receive state support, in addition to those established by this Law, is prohibited.

Peculiarities of providing state support to cinematographic entities that are not residents of Ukraine are determined by Article 11 of this Law.

The list of documents confirming the compliance of cinematographic subjects with the criteria specified in part one of this article shall be determined by the central executive body that ensures the formation of state policy in the field of cinematography.
2. In order to receive state support, cinematographic entities defined in part one of this Article shall apply to the central executive body implementing state policy in the field of cinematography with a corresponding application and submit the documents specified by this Law and other regulations adopted at on the basis of this Law.

Forms of applications, the list of documents attached to them, as well as the form of their submission (paper or electronic) are determined in the manner approved by the central executive body, which ensures the formation of state policy in the field of cinema, taking into account the requirements of this Law.

3. The subject of cinematography before the date of concluding the agreement on state support in the forms provided for in paragraphs 2, 3 and 5 of the first part of Article 7 of this Law, confirms the availability of appropriate funds in at least one of the following documents:

1) a bank document issued by a banking institution of Ukraine, confirming the availability of funds in the required amount on the bank account opened in the name of the subject of cinematography;

2) a credit agreement, a loan agreement, a guarantee agreement concluded with a bank or other financial institution, in which the amount of necessary funds and the terms of their receipt by the subject of cinematography are determined;

3) agreement with the investor, producer, film producer, including the agreement on joint production of the film, which contains the schedule of financing the production of the film;

4) an agreement with a distributor, demonstrator, including a television and radio organization, which contains a schedule for the subject of cinematography to receive the necessary funds in the amount specified in Article 7 of this Law;

5) audit opinion and estimate of the actual costs incurred by the subject of cinema for the production (creation) of the film.

4. For consideration of the application for state subsidies provided for in paragraphs 2, 3, 4 of the first part of Article 7 of this Law, the subject of cinematography shall pay a fee, the procedure for collection and the amount of which are determined by law.

5. The provision of state support shall be formalized by an agreement concluded between the central executive body implementing the state policy in the field of cinematography and the entity specified in this article. The essential terms of state support agreements (depending on the form of state support) are approved by the central executive body, which ensures the formation of state policy in the field of cinematography.

If state support is provided on a repayable basis, the conditions and amount of return of such support shall be determined by the contract provided for in this part, taking into account the requirements of this Law.

6. The contract specified in part five of this Article shall not be concluded in case of state support in the form of a subsidy for reimbursement of part of qualified expenses incurred by a foreign cinematographic entity in production (creation) of films provided for in paragraph 4 of part 1 of Article 7 of this Law.

{Part six of Article 8 as amended by Law Зако 130-IX of September 20, 2019}

Article 9. Council for State Support of Cinematography

1. In order to effectively administer funds of state support for cinematography in the forms provided for in Article 7 of this Law, the Cabinet of Ministers of Ukraine established his order formed the Council for State Support of Cinematography (further - Council), consisting of nine members, whose members are appointed for two years. After the expiration of the two-year term, the powers of a member of the Board shall be terminated automatically. The same person may not be included in the Board for more than one consecutive term.
2. The Council shall include persons proposed:

1) the central executive body that ensures the formation of state policy in the field of cinematography - one person;

2) the central executive body that implements the state policy in the field of cinematography - one person;

3) creative unions, public associations, business associations, the statutory documents of which provide for activities in the field of cinema and / or television and whose activities are active (during the last three years organize periodically, at least once a year, public events on problems in the field of cinematography: initiate public discussions of topical issues, public discussions in the professional sphere, etc.), - seven people, one of whom must have a higher legal education, and one - a higher economic education.

3. Representatives nominated by creative unions, public associations, business associations must have experience of at least three years in the field of cinematography, holding at least one of the following positions:

1) the head or deputy head of the legal entity that produces, distributes, shows the film;

2) director-producer of the film;

3) the producer of the film;

4) a lawyer;

5) economist (financier);

6) screenwriter;

7) film critic.

4. The following may not be members of the Council:

1) persons who have a criminal record that has not been expunged or not removed in the manner prescribed by law;

2) persons who are in the civil service, as well as other persons in respect of whom the Law of Ukraine "On Prevention of Corruption" establishes restrictions on combination and combination with other activities, and / or persons with conflict of interest in accordance with the Law of Ukraine "On prevention of corruption ", and / or who have been prosecuted for corruption offenses.

5. The powers of a member of the Council may be terminated prematurely by the Cabinet of Ministers of Ukraine in the case of:

1) submission of an application for termination of powers at one's own request;

2) departure for permanent residence outside Ukraine;

3) identification (occurrence) of the circumstances specified in part four of this article;

4) entry into force of a court conviction against a member of the Council;

5) inability to perform duties due to health conditions for three or more months, confirmed by a relevant medical opinion;

6) entry into force of a court decision recognizing a member of the Council of limited legal capacity or incapable;

7) absence at five meetings of the Council, except in cases when the reason for absence is due to treatment, vacation, business trip, which is confirmed by the relevant documents;

8) death of a person.
The list of grounds for early termination of the powers of a member of the Council is exhaustive. Early termination of the powers of a member of the Board on other grounds than those provided for in this part shall not be allowed.

In case of early termination of the powers of a member of the Council, the Cabinet of Ministers of Ukraine shall appoint a new member of the Council within one month in the manner and under the conditions established by this Article.

6. The Council, on the proposal of the central body of executive power, which implements the state policy in the field of cinematography, shall make a decision on:

1) formation of expert commissions (whose decisions are of a recommendatory nature) with the inclusion of professional creative workers, film critics, producers, economists, distributors, film distributors and other persons who cannot be members of the Council at the same time. The order of formation and work of expert commissions, as well as the conditions of their activity are approved by the central executive body that implements the state policy in the field of cinematography;

2) provision of state support for cinematography in the forms provided for in part one of Article 7 of this Law;

3) approval of changes in the essential parameters of the film in the process of its creation at the request of the subject of cinema, which received state support (in whole or in part). The essential parameters of the film include the creative concept of the film, the overall estimate, the estimated cost, the timing of the film, the timing of production, as well as the identity of the director, screenwriter.

7. The Chairman of the Board, the Deputy Chairman and the Secretary of the Board are elected at its meeting.

In order to ensure the activities of the Council, the functions of the staff of the Council are performed by the staff of the central executive body that implements the state policy in the field of cinematography.

8. Members of the Council are not civil servants. For the performance of their functions, the members of the Council receive a fee - a scholarship. The amount and procedure for payment of scholarships to members of the Council shall be established by the Cabinet of Ministers of Ukraine.

9. The central executive body that implements the state policy in the field of cinematography, annually, not later than two months after the end of the relevant budget period, reports to the Council on the use of state support for cinematography.

10. A meeting of the Board is valid if at least six members of the Board are present. The decision of the Council is considered adopted if at least five members of the Council have voted for it. During the meeting of the Council, the Secretary of the Council keeps the minutes of the meeting, which is signed by the chairman of the meeting and the Secretary of the Council.

11. Meetings of the Council are open. Board meetings can be scheduled or unscheduled. Scheduled meetings are held in accordance with the approved plan at least once a month. Unscheduled meetings are held at the request of the central executive body implementing state policy in the field of cinematography, or a member of the Council.

12. The central body of executive power, which implements the state policy in the field of cinematography, publishes on its official website:

1) information on the receipt of funds for the purposes of state support of cinematography, indicating their volume - no later than the third working day after receipt;

2) applications (without materials attached to them) for the provision of state support - no later than the third working day after receipt;
3) information on the date and time of the Council meetings, indicating the list of applications for state support to be considered at such a meeting, and the names of cinematographers who submitted such applications - no later than five working days before the date of the relevant meeting of the Council;

4) drafts of full texts of decisions on issues of the agenda - not later than five working days before the day of the relevant meeting;

5) the full text of the decision to provide state support - no later than five working days from the date of its adoption.

13. Control over the targeted use of state support funds shall be exercised in accordance with the legislation by the state authorities authorized to do so.

**Article 10.** The procedure for providing state support for cinematography to cinematographic subjects

1. State support of cinematography shall be provided to the subjects of cinematography of Ukraine on the basis of a decision of the Council adopted in accordance with the procedure specified in **Article 9 of** this Law, with:

1) the decision of the Council on the provision of state support in the forms provided for in **paragraphs 1-3** of **the first part of Article 7 of** this Law, is made based on the results of competitive selection (pitching) after studying and evaluating the attached to the application: film estimates; director's explication; producer's vision; marketing strategy; an agreement on the transfer or alienation of exclusive property copyrights to the script of the film; an agreement on the transfer or alienation of exclusive copyright to the film's dialogues, if they are created separately from the film's script; joint film production agreements (for co-produced films with other countries); copies of constituent documents of cinematographic subjects (if the applicant is a legal entity); information on the approximate composition of the film crew; letter of guarantee from the applicant on the absence of restrictions provided for in **Article 12 of** this Law; a letter of guarantee from the applicant to ensure that he has the funds necessary for timely financing of film production (if required by **part three of** Article 8 of this Law) before the date of conclusion of the agreement on state support; a document confirming payment of the fee for consideration of the application, in the case provided for in **part four of** Article 8 of this Law, as well as other documents that the applicant will consider necessary to submit to the Council for consideration of his application.

When making a decision, the Council must additionally assess and take into account:

originality and quality of the script;

Applicant's experience as a producer or producer of a film of the relevant genre - economic results (including box office of produced films), results of participation in domestic or international film festivals, awards received at film festivals, economic efficiency of film distribution in Ukraine and abroad, TV ratings during (demonstrations) of film (films) by TV and radio organizations, efficiency of sales (views) on the Internet and in the retail trade network on tangible media;

successful work of the director in connection with his participation in the production (creation) of films - the results of participation in domestic or international film festivals, awards received at festivals, cost-effectiveness of film distribution in Ukraine and abroad, the results of television viewing during broadcasting (demonstrations) of the film (films), the effectiveness of sales (views) on the Internet and in the retail trade network on tangible media;

the projected ratio of the cost of production (creation) of the film and the quality of the produced (created) film, the timing of its production (creation).

The procedure and criteria for holding a creative competition (pitching), as well as the procedure for decision-making by the Council shall be approved by the central executive body, which ensures the formation of state policy in the field of cinematography;
2) decisions of the Council on granting state support for the production of films in the form provided for in paragraph 4 of the first part of Article 7 of this Law shall be made based on the results of such films passing the cultural test, the conditions of which are defined in Annex 1 to this Law. number of points - 16) and production criteria (maximum number of points - 26). A film is considered to have passed the cultural test if it has scored at least 2 points according to cultural criteria and at least 18 points according to production criteria;

3) the decision of the Council to provide state support in the form provided for in paragraph 9 of part one of Article 7 of this Law shall be adopted in accordance with the procedure approved by the Cabinet of Ministers of Ukraine;

4) the decision of the Council to provide state support in the forms provided for in paragraphs 5-8 and 10 of the first part of Article 7 of this Law shall be adopted in accordance with the procedure approved by the central executive body that ensures the formation of state policy in the field of cinema.

2. If the amount of state support for cinematography actually received from the sources provided by this Law is insufficient for the implementation of state support provided in the current budget period, funding shall be resumed in the next budget period.

If a decision is made to provide state support to a cinematographic entity in accordance with this Law, but due to lack or insufficient amount of funds allocated for the purposes of state support of cinematography, state support to such cinematographic entity has not been received or has been received in part, the central the body of executive power, which implements the state policy in the field of cinematography, issues to the subject of cinematography a certificate of the existing debt to such subject. In this case, the losses incurred by the subject of cinema in connection with the non-receipt or incomplete receipt of state support are not reimbursed.

3. State support for the production (creation) of a film shall be provided in the form of public procurement or in the form of a state subsidy for the production of a film, or in the form of a state subsidy for reimbursement of part of eligible costs incurred by a foreign cinematographer.

{Paragraph one of the third part of Article 10 as amended in accordance with Law № 130-IX of September 20, 2019}

The conclusion of an agreement with a subject of cinematography on the provision of state support, if the binding nature of such an agreement is provided by this Law, is carried out if he has the documents specified in part three of Article 8 of this Law. Failure to submit such documents to the Council within 90 days from the date of the decision to provide state support is grounds for refusal to enter into an agreement and refusal to provide state support.

4. An object of state support may not be a film, the showing and distribution of which is prohibited in Ukraine in accordance with the law.

Article 11. Peculiarities of providing state support of cinematography in the form of a state subsidy for reimbursement of a part of qualified expenses incurred by a foreign subject of cinematography during the production (creation) of a film

{Title of Article 11 as amended in accordance with Law № 130-IX of September 20, 2019}

1. In order to create favorable conditions for foreign cinematographic subjects for the production of films on the territory of Ukraine with the use of stage and production facilities located in Ukraine, pavilions, localities (locations), services of Ukrainian cinematographic subjects, hotel services, etc. to foreign subjects, cinematographic objects are provided with state support in the form of a state subsidy to reimburse part of the eligible costs incurred by a foreign cinematographic entity in the production (creation) of a film.

Mandatory condition for obtaining a state subsidy to reimburse part of the qualified costs incurred by a foreign cinematographic entity in the production (creation) of the film is the absence of residents of Ukraine among its owners, participants, shareholders, including
ultimate beneficial owners (controllers), as well as officials of this foreign subject of cinematography.

{Part one of Article 11 as amended by Law № 130-IX of September 20, 2019 }

2. The state subsidy for the return of part of the qualified expenses incurred by the subject of cinematography during the production (creation) of the film shall be provided in the following amounts:

1) reimbursement of part of the qualifying expenses (payments) for the production (creation) of films actually made by the subject of cinematography - in the amount of 25 percent of the total amount of such qualified expenses (payments) specified in part four of this article.

A foreign cinematographer may receive an additional reimbursement of 5 percent of the total eligible costs (payments) if at least four cultural criteria of the cultural test are exclusively Ukrainian (culture / history / mythology / religion / architecture / environment, etc.) or if the film contains scenes (at least 5 percent of the total duration of the film) in which the film's characters read a book (books) by a Ukrainian author, including a translation into another language, and the storyline / script / central theme focuses on the relevant actions of the film's characters. allows to identify the book (books) of the Ukrainian author, or if the plot line / script / central theme of the film is based on a Ukrainian literary work or on the theme (events) of the aggressor's armed aggression against Ukraine, and the film plot directly or indirectly assesses the state -aggressor, which corresponds to the assessment, conclusions stated by the legislation of Ukraine, in particular, it is recognized that the aggressor state commits a crime of aggression against Ukraine and temporarily occupies part of its territory, violates the principles and norms of international law;

{Paragraph 1 of the second part of Article 11 as amended by Law № 130-IX of September 20, 2019 }

2) reimbursement of part of the expenses (payments) actually made by the subject of cinematography for payment of remuneration to actors and members of the film crew who took part in the film claiming state support provided by this article, who are non-residents of Ukraine, carry out their activities and / or reside outside Ukraine, if such payments are subject to taxation on the territory of Ukraine, in the following amounts:

10 percent of the total amount of such payments in case of payment of personal income tax on them in the cities of Kyiv and Sevastopol;

4.5 percent of the total amount of such payments in case of payment of personal income tax on them in the relevant territory of Ukraine (except for the cities of Kyiv and Sevastopol).

3. The state subsidy provided for in paragraph 1 of part two of this Article may be granted if all the following conditions are met:

1) the costs are fully or partially incurred in Ukraine in the production (creation) of the film in favor of a person who conducts business activities and is registered as a business entity in Ukraine;

2) the film meets at least one of the following requirements:

a) is a feature film or animated film intended for viewing in cinemas, with a total running time of at least 74 minutes;

b) is a feature television film or animated film consisting of one or more series, with a total running time of at least 74 minutes;

c) is a documentary film intended for viewing in cinemas and / or for showing on television, with a total running time of at least 52 minutes;

d) is a television series or an animated television series, or a separate part (series), with a total running time of at least 40 minutes;
e) is an advertising film (a film that is exclusively an advertising tool for the promotion of a trademark, brand name, name of a natural person or a legal entity) or a music video (a film whose soundtrack consists exclusively of one piece of music) intended for television, viewing in cinemas and / or for placement on the Internet, with a total running time of at least 20 seconds;

3) the film has passed a cultural test, the conditions of which are defined in Annex 1 to this Law;

4) the producer is a foreign subject of cinematography, which has concluded an agreement on the production of a film (or its part) with a subject of cinematography of Ukraine, which is registered as a value added tax payer;

{Paragraph 4 of part three of Article 11 as amended in accordance with Law № 130-IX of September 20, 2019}

23) organization and support of the work of the Council for State Support of Cinematography and the Expert Commission on Cinematography;

24) submission of draft decisions to the Council for State Support of Cinematography, as well as implementation of decisions of the Council for State Support of Cinematography regarding:
  - formation of expert commissions in the manner prescribed by law;
  - providing state support to cinematographic entities in the manner and forms prescribed by law, including the conclusion of agreements on the provision of state support;

25) exercise other powers specified by law ";

To add articles 10-1 and 15-2 of the following content:

"Article 10. Estimated elements point system for national films

Evaluation elements for feature films (points):

1) author's film crew: director-producer - 3; scriptwriter - 3; composer - 3; production operator - 3; production designer - 3; 2) group of performers: first role - 3; second role - 2;
third role - 1;
3) technical shooting group (shooting technical support group):
sound director - 1;
editing director - 1;
studio or place of shooting - 5;
place of installation - 3;
4) producer - 3;
total - 34.
Evaluation elements for animated films (points):
author of the idea - 1;
scriptwriter - 2;
character artist-developer - 2;
composer - 1;
director-producer - 2;
hudozhnyk- rozkadrovnyk - 2;
production designer - 2;
background artist - 2;
at least 50 percent of the cost of pre-assembly of scenes for animation (layout) in the country - 2;
at least 50 percent of the cost of animation services in the country - 2;
at least 50 percent of the cost of visualization services in the country - 2;
at least 50 percent of the cost of image compositing services in the country - 1;
place of installation - 1;
sound director - 1;
total - 23.
Evaluation elements for documentaries (points):
director-producer - 3;
scriptwriter - 2;
production operator - 3;
editing director - 2;
place of shooting - 2;
place of installation - 2;
composer - 2;
sound director - 2;
total - 18.
When calculating the total number of points, the relevant evaluation element is taken into account if:

- the natural persons referred to in parts one, two or three of this Article who took part in the making of the film shall be citizens of Ukraine;
- the place of installation specified in part one or three of this Article is located on the territory of Ukraine or at least 50 percent of the total amount of installation costs incurred in Ukraine;
- the studio or place of shooting specified in part one or three of this Article shall be located on the territory of Ukraine during most of the filming days;
- the expenses specified in part two of this article are incurred for the benefit of Ukrainian cinematographers who actually provide relevant services and are not agents or other intermediaries for the purchase of relevant services from their actual providers.

In paragraph 2 of part one of this article, the first, second and third roles are determined by the number of filming days.

The number of points for the evaluation element "producer" is determined taking into account the coefficient calculated as the ratio of the number of film producers who have Ukrainian citizenship or are located in Ukraine to the total number of film producers who participated in film production.

If in accordance with this Law the film is qualified as national, the central executive body implementing the state policy in the field of cinematography, at the request of the producer or producer of the film, issues a certificate of national film.

The presence of a national film certificate in the film presupposes that the film is national, and this does not need to be proved again in relations with public authorities. This presumption can be rebutted in the general order if it is found that the information and documents provided by the applicant to obtain a national film certificate contain inaccurate information.

The procedure for issuing a national film certificate is determined by the central executive body, which ensures the implementation of state policy in the field of cinematography.

The scoring system for national films provides for the film to score at least 18 points for feature films, 8 points for non-fiction (documentary), and 15 points for animated (cartoon) films;

"Article 15. The use of national screen time

In order to facilitate the production of films in Ukraine, as well as viewers' access to the works of the national cinematographic heritage of a television and radio organization that licenses television broadcasting or multi-channel broadcasting using a radio frequency resource, other film demonstrators who are not television and radio organizations 1 are obliged to January 2022, at least 15 percent of the total monthly time of film screenings, and after January 1, 2022 - at least 30 percent of the total monthly time of film screenings to screen national films, other films produced by Ukrainian cinematographers and works of national cinematographic heritage ";

Article 17 shall be worded as follows:

"Article 17. Storage of source materials of a film and film copies, acquisition of the state fund of films

Archival set of film source materials, source materials of a film created entirely or partially at the expense of the State Budget of Ukraine, as well as film copies of films created in Ukraine at the expense of privately owned legal entities and individuals are stored in the State Film Fund of Ukraine. The procedure for transferring films to the State Film Fund of Ukraine, the conditions of storage of source materials of films and film copies and regulations on the State Film Fund of Ukraine shall be approved by the central executive body that ensures the formation of state policy in the field of cinema.
The state takes care of the preservation and promotes the consolidation of film collections (funds) of institutions of various forms of ownership and individuals in the State Film Fund of Ukraine, ensuring its completion with national films, films made in Ukraine and other films.

All films and film materials of Ukrainian production and co-productions stored in the State Fund of Films of Ukraine are the national property of Ukraine - the national cultural heritage.

Production of an archival set of source materials for national films and films created on the territory of Ukraine in the current year is provided at the expense of the State Budget of Ukraine next year at the request of the State Film Fund of Ukraine on the basis of the decision of the central executive body. If the production of an archival set of source materials of national films and films created on the territory of Ukraine is carried out at the expense of privately owned legal entities and individuals, the cost of such production is reimbursed to the producer from the State Budget of Ukraine.

The production of an archival set of source materials for national films and films created on the territory of Ukraine in previous years is determined by the central executive body that implements state policy in the field of cinematography, at the request of a collegial expert body at the central executive body that implements state policy in the field of cinematography, taking into account the indicators of budget allocations for the current year.

The central executive body that ensures the implementation of state policy in the field of cinematography, at the request of a collegial expert body at the central executive body may decide to produce an archival set of source materials for a film created outside Ukraine, at the expense of private or public filmmakers has artistic or historical value and is related to Ukraine by a theme, place of action, etc., or the author of which is (was) a resident of Ukraine or has Ukrainian origin.

Cooperation with domestic and foreign film archives is carried out by the central executive body, which implements the state policy in the field of cinematography, through the State Film Fund of Ukraine.

Regulations on national screen time and its use by cinematographic and television subjects shall be approved by the Cabinet of Ministers of Ukraine ";

section IV should be deleted;

Article 1 shall be supplemented, taking into account the alphabetical order, with the following terms:

"website - a set of data, electronic (digital) information, other objects of copyright and (or) related rights, etc., related to each other and structured within the address of the website and (or) the account of the owner of this website - sites accessed through the Internet address, which may consist of a domain name, records of directories or calls and (or) a numerical address according to the Internet Protocol;

web page - an integral part of the website, which may contain data, electronic (digital) information, other objects of copyright and (or) related rights, etc .;

Website owner - a person who owns an account and establishes the terms and conditions of use of the website. In the absence of evidence from another, the owner of the website is the registrant of the relevant domain name under which the website is accessed, and (or) the recipient of hosting services ;

Website owner - a person who owns an account used to place a web page on a website and who manages and (or) places electronic (digital) information within such web page. A website owner is
not the owner of a website if the latter has an account that allows him or her, independently of the website owner, to post and manage information on the website;

hyperlink - formalized in accordance with the standards of the Internet record of the address of the website or part thereof (web pages, data). If the hyperlink addresses a part of the website (web page), then, in addition to the domain and (or) numeric address according to the Internet Protocol, it may contain additional entries about directories or calls and conditions of access to the website, which may be reproduced or stored on devices that can read and reproduce electronic (digital) information using the Internet;

electronic (digital) information - audiovisual works, musical works (with or without text), computer programs, phonograms, videograms, programs (transmissions) of broadcasting organizations in electronic (digital) form, suitable for reading and reproducing computers which may exist and (or) be stored in the form of one or more files (parts of files), records in a database on storage devices of computers, servers, etc. on the Internet, as well as programs (transmissions) of broadcasting organizations that are relayed using the Internet;

card sharing - providing in any form and in any way access to the program (transmission) of the broadcasting organization, access to which is limited by the subject of copyright and (or) related rights using technical means of protection (subscriber card, code, etc.), bypassing such technical means of protection, as a result of which the specified program (transmission) may be received or otherwise available without the use of technical means of protection;

account - a formalized according to Internet standards record on computer equipment (computers, servers) connected to the Internet, which identifies the user (for example, the owner of the website) on such equipment, includes data on access to parts of catalogs and software of computer equipment, as well as determines the rights of such access that allow the account holder to add, delete, change electronic (digital) information and website data, provide access to the website or its parts, individual data to other persons, terminate the operation of such website or part of it within the account;

Hosting service provider - a person who provides website owners with services and (or) resources for hosting websites or their parts on the Internet and providing access to them via the Internet. A website owner who places his or her website or part of it on the Internet on its own resources and (or) independently provides access to it using the Internet is at the same time a hosting service provider ";

in Article 50:

in the first paragraph, replace the words "judicial protection" with the words "protection of such rights, including judicial";

paragraph "b" shall be worded as follows:

"b) piracy in the field of copyright and (or) related rights - publication, reproduction, import into the customs territory of Ukraine, export from the customs territory of Ukraine and distribution of counterfeit copies of works (including computer programs and databases), phonograms, videograms, illegal publication of programs of broadcasting organizations, camcording , cardsharing , as well as Internet piracy, ie committing any actions that are recognized as infringing copyright and (or) related rights using the Internet in accordance with this article ";

add paragraph "c" to read as follows:

"c) camcording , cardsharing ";
in the first part of Article 52:

paragraphs five and six after the word "claim" add the words "to the court";

add the twelfth paragraph to read as follows:

"(i) to protect copyright and (or) related rights in the manner prescribed by Article 52 - this Law;"

to supplement Articles 52 - 1 and 52 - 2 with the following content:

"Article 52 - 1. The procedure for termination of violations of copyright and (or) related rights via the Internet

1. In case of infringement by any person of copyright and (or) related rights committed using the Internet, the subject of copyright and (or) related rights (hereinafter - the applicant) has the right to apply to the owner of the website and (or ) a web page on which the relevant electronic (digital) information is posted or otherwise used, with a statement on termination of the violation. The application for termination of the violation shall be submitted in accordance with the procedure provided for in this Article.

The procedure for protection of copyright and (or) related rights, defined by this article, applies to relations related to the use of audiovisual works, musical works, computer programs, videograms, phonograms, programs (programs) of broadcasting organizations.

2. The application for termination of the violation must contain:

a) information about the applicant, necessary for his identification: name (title); place of residence (stay) or location, e-mail address or postal address to which the website owner or other persons in the cases provided by this Law must send information; for applicants - legal entities - identification data on the registration of a legal entity in the country of location, in particular in the commercial, banking, court or state register, including details of the register, registration number;

b) the type and name of the object (objects) of copyright and (or) related rights, the violation of which (which) is referred to in the application;

c) a reasoned statement that the applicant has intellectual property rights to the object of copyright and (or) related rights specified in the relevant application, with reference to the grounds for such rights and their validity;

d) hyperlinks to electronic (digital) information posted or otherwise used on the website;

e) the requirement to prevent access to electronic (digital) information on the website;

f) information about the hosting service provider that provides services and (or) resources for hosting the relevant website, namely: name; the e-mail address or postal address to which the website owner or other persons must send information in the cases provided for by this Law;

f) the applicant's statement that the information provided in the application is reliable, and the applicant's rights, the violation of which is alleged, have been verified by a lawyer, through whose representation (mediation) the application is submitted.

The applicant applies for termination of the violation only through the representation (mediation) of a lawyer. The lawyer sends the relevant application, provided that the applicant is identified, his contact details are established and the documents provided by the applicant confirm the fact that the applicant has the rights to terminate the violation of which a request is made.

The application is accompanied by a copy of one of the documents that, in accordance with the legislation on advocacy and advocacy, certifies the authority of the lawyer to provide legal assistance to the applicant.
The applicant (the applicant's official) is responsible for providing knowingly inaccurate information about the existence of intellectual property rights, the violation of which is referred to in the application.

The applicant sends a termination notice to the website owner and a copy is sent to the hosting provider that provides the services and (or) resources to host the website.

3. In the absence of the circumstances provided for in part four of this article, the website owner shall immediately, no later than 48 hours from the receipt of the application for termination of the violation, be obliged to deny access to electronic (digital) information in respect of which the application is submitted. and the hosting provider information on the measures taken in accordance with the requirements of this article.

4. A person who has received an application for termination of the violation may refuse to satisfy it if:

a) the person to whom the applicant has applied for termination of the violation has the right to use the electronic (digital) information specified in the application, the use of which is addressed, subject to notification of refusal in accordance with the requirements set out in part five of this articles;

b) the person to whom the application for termination of the violation has been sent is not the owner of the website specified in such application;

c) the application for termination of the violation is made in violation of the requirements specified in this article, provided that the person who received it informs the applicant in accordance with the requirements established by part five of this article.

5. On refusal to satisfy the application for termination of the violation on the grounds provided for in paragraphs "a" and "c" of part four of this article, the website owner within 48 hours of receipt shall notify the applicant and the hosting provider according to with the information specified in the relevant application in accordance with paragraph "e" of part two of this article.

The notice of refusal must contain the following information:

a) information about the owner of the website in the amount sufficient for filing a statement of claim: name (title) of the owner of the website; place of residence (stay) or location, e-mail address or postal address; if the owner of the site is a legal entity - identification data on the registration of the legal entity in the country of location, in particular in the commercial, banking, court or state register, including details of the register, registration number;

b) indication of electronic (digital) information on the denial of access to which is denied;

c) indication of the relevant provision of part four of this article, on the basis of which the owner of the website refused to satisfy the application for termination of the violation.

6. If the owner of the website, who received the application for termination of the violation, is not the owner of the website, which contains electronic (digital) information on the denial of access to which is claimed, the rights and obligations between the owner of the website and the applicant are set taking into account the features provided for in this part.

The website owner is obliged to send a copy by e-mail (or other messaging system accepted on the website) to the website owner within 24 hours of receiving the application for termination of the violation. The application is sent according to the contact details provided by the website owner to the website owner.

The website owner sends a notice to the website owner at the same time as sending the application to stop the violation, informing the applicant that he is not the owner of the website, indicating the time of sending a copy of the application to the website owner and providing hyperlinks to the public transaction. determines the rules of use of the website by third parties.
The owner of the website considers the application for termination of the violation received from the website owner and is obliged to provide a response to the website owner in the manner and terms established by parts three to five of this article, indicating a hyperlink to the website relevant electronic (digital) information is posted. In this case, the owner of the website exercises the rights and fulfills the obligations established by parts three to five of this article for the owner of the website.

The owner of the website within 24 hours from the date of receipt from the owner of the website of the response to the application for termination of the violation sends it to the applicant and the hosting provider according to the details specified in the application. If within 48 hours of sending the owner of the website a statement of termination of the violation, the website owner did not provide the website owner with a response on the grounds and in the form prescribed by parts four and five of this article, the website owner makes it impossible access to the electronic (digital) information specified in the application for termination of the violation. The website owner shall notify the applicant and the hosting provider of the measures taken within 72 hours from the receipt by the website owner of the application for termination of the violation and provide information about himself to the extent specified in paragraph "a" of part five of this article.

If within 48 hours of sending the owner of the website a statement of termination of the violation, the owner of the website provided a notice of refusal on the grounds and in the form prescribed by parts four, five of this article, a copy of such notice shall be sent by the website owner to the applicant. no later than within 72 hours from the receipt by the website owner of the application for termination of the violation.

7. The applicant has the right to apply directly to the hosting service provider that provides the services and (or) resources to host the relevant website, with a request to terminate the violation committed by the owner of the website, in the following cases:

   a) the owner of the website has not committed or has not fully committed the actions provided for in part three or five of this article within the period specified in this article, or if the owner of the website who is not the owner of the website has not acted or committed not in full the actions provided for in part six of this article;

   b) the website and public databases of domain name records (WHOIS) do not contain information about the owner of the website to the extent that allows to apply to him with a statement of termination of the violation provided for in part two of this article. Such information is information about the e-mail address for communication with the owner of the website and other information, the placement of which is provided for in part eleven of this article.

The statement of termination of the violation committed by the owner of the website must contain a justification of the grounds for contacting the hosting provider, provided for in paragraph "a" or "b" of part seven of this article.

The applicant applies to the hosting service provider that provides the services and (or) resources to host the relevant website, with a corresponding application through the representation (mediation) of a lawyer. The lawyer sends the application, provided that the applicant is identified, his contact details are established, and the documents provided by the applicant confirm the fact that the applicant has rights, the termination of which is referred to in the relevant application.

The application for termination of violations committed by the owner of the website must contain the information provided for in paragraphs "a", "d", "e", "e" of part two of this article. The application is accompanied by a copy of one of the documents that, in accordance with the legislation on advocacy and advocacy, certifies the authority of the lawyer to provide legal assistance to the applicant. In the cases provided for in paragraph "a" of part seven of this article, the statement shall indicate the time of submission to the website owner and hosting provider of the application for termination of the violation, the time when the website owner had to take the actions provided for in this article, the applicant thus identified the contact details of the website owner.
In the absence of grounds for leaving the application for termination of the violation by the website owner without consideration, set out in part eight of this article, the hosting provider must immediately, no later than 24 hours from receipt of such application, send a copy to the website owner. When sending a copy of the application to the website owner, the hosting provider must explain to the website owner his rights and obligations related to this application, as well as the legal consequences of his failure to take the actions provided for in this article.

The website owner shall, within 24 hours of receiving from the hosting provider a copy of the application for termination of the violation by the website owner, take the actions provided for in part three or five of this article and notify the hosting provider by sending a notice measures in accordance with the requirements of part twelve of this article or notice of refusal on the grounds and in the form prescribed by parts four, five of this article.

If within 24 hours from the moment of sending to the website owner a copy of the application for termination of the violation the website owner has not taken the actions provided for in paragraph eight of this part, the hosting provider shall disable access to electronic (digital) information specified in the application for termination. violation committed by the website owner. The hosting provider shall notify the applicant and the website owner of the measures taken within 48 hours from the receipt by the hosting service provider of the application for termination of the violation committed by the website owner.

8. The hosting provider has the right to leave without consideration the application for termination of the violation committed by the owner of the website, if:

a) the application does not meet the requirements established by part seven of this article;

b) the hosting service provider does not provide services, resources for hosting the website for which the application is submitted;

c) the applicant has applied to the hosting service provider in the absence of the grounds provided for in part seven of this article.

The hosting service provider shall notify the applicant of the non-consideration of the application for termination of the violation, indicating the relevant legal grounds provided for in this part, within 24 hours of receipt.

9. The owner of the website has the right to apply to the hosting service provider, from which he received information about the measures taken in accordance with part seven of this article, with a notice of refusal on the grounds and in the form prescribed by parts four, five of this article. restoration of access to electronic (digital) information. If such a request meets the requirements set out in part five of this article for a notice of refusal, the hosting provider must immediately, no later than 48 hours after receipt, send the applicant a copy. If the notice does not meet the requirements of part five of this article for the notice of refusal, the hosting provider shall inform the website owner.

10. The hosting service provider shall restore access to electronic (digital) information on the tenth working day from the date of sending the applicant a copy of the notice provided for in part nine of this Article, if during this time the applicant has not provided confirmation of the opening of legal proceedings, object (objects) of copyright and (or) related rights (electronic (digital) information), in respect of which the application for termination of the infringement was submitted.

11. Website owners and hosting service providers, other than natural persons who are not business entities, are obliged to place freely accessible records on their own websites and (or) in public databases of domain name records (WHOIS) such reliable information about yourself:

a) full name or title of the website owner and hosting provider;

b) the full address of the residence or location of the website owner and hosting provider;
c) contact information of the website owner and hosting service provider, including e-mail address, telephone number, which can be contacted promptly.

Individuals who are not business entities shall make freely available on the websites they own or in public databases of domain name records (WHOIS) the contact information of the website owner provided for in paragraph “c” of this parts.

12. The notification of the measures taken, which shall be sent to the applicant in accordance with this Article, shall, inter alia, contain reliable and complete information about the website owner specified in the application. If the Host Provider takes notice of the action taken, the message must also contain information about that provider and the complete information provided to it by the website owner, without any changes or distortions. The information about the owner of the website consists of information about his full name (name), address (location), mailing address, telephone number, e-mail address and, if available, other contact information for communication. If the owner of the website (or the owner of the website in the implementation of the procedures provided for in part six or seven of this article) receives a notice of refusal, a copy must be attached to the notice of action taken.

13. On the basis of this Law, it is allowed to prevent access only to electronic (digital) information specified in the application for termination of the violation. If access to electronic (digital) information cannot be prevented for technical reasons, the website owner or hosting provider may deny access to the webpage that contains the relevant electronic (digital) information.

14. The statement of termination of the violation and the statement of termination of the violation by the website owner shall be submitted in writing in paper and (or) electronic form.

The application in electronic form is made in accordance with the requirements of the legislation in the field of electronic documents and electronic document management with the mandatory use of technical means of certifying the electronic digital signature of a lawyer who provides legal assistance to the applicant. Simultaneously with the sending of such an application in electronic form, the applicant sends to the same address a copy of it in the usual electronic form without the use of electronic digital signature. If the application in electronic form with the technical means used in it to certify the electronic digital signature of a lawyer differs in content from the application in ordinary electronic form sent to the same addressee, such application shall be deemed not submitted.

The application in paper form is made out with the obligatory handwritten signature of the lawyer and is sent by the registered letter with the notice of delivery.

The date and time of receipt of the application provided for in this Article are:

a) in the case of sending by e-mail - the date and time of sending by electronic means;

b) in case of sending by registered letter with notice of service - the date and time specified in the notice of service.

If the addressee refuses to receive the application or is absent at the specified address, the day and date of receipt of the application is the day and date of affixing by the postal operator in the notice of refusal to receive the application or information about the absence of the addressee at the specified address.

The response (notification) to the application, sending a copy of the application provided for in this Article shall be set out in writing in paper and (or) electronic form.

The date and time of receipt of the response (notification) to the application provided for in this Article and / or the sent application shall be considered:

a) in the case of sending by e-mail - the date and time of sending by electronic means;
b) in case of sending by registered letter with notice of service - the date and time specified in the notice of service.

If the addressee refuses to receive a response (notification) to the application or is absent at the specified address, the day and date of receipt of the response (notification) to the application is the day and date of affixing by the postal operator in the notice of refusal to receive a response (notification) on the application or information about the absence of the addressee at the specified address.

15. The owner of the website, web page is not responsible for infringement of copyright and (or) related rights committed using the Internet, if he timely committed the actions provided for in part three of this article.

The provisions of the first paragraph of this part shall not apply if:

a) the owner of the website within three months, despite the received and satisfied applications for termination of violations, allowed at least two cases of use on one or more websites owned by him, the same object of copyright, and (or) related rights on the same website;

b) the owner of the website, who is not the owner of the website, within three months, despite the received and satisfied applications for termination of violations, allowed at least two cases of use of the same object of copyright and (or) related rights on the same website.

Article 52. Obligations of hosting providers to ensure the protection of copyright and (or) related rights using the Internet

1. Hosting service providers are obliged to provide in contracts for the provision of such services conditions and rules prohibiting service customers from taking actions to post electronic (digital) information in violation of copyright and (or) related rights of third parties, and also oblige customers of services to indicate reliable and correct information about themselves, including their contact details, and in case of their change - to immediately inform about it in the manner prescribed by law.

2. The service provider hosting does not bear such services to the customer liable for the consequences of measures under Article 52 hereof, subject to the requirements of this Article.

The hosting service provider shall not be liable for infringement of copyright and (or) related rights, provided that the requirements of Articles 52 of this Law are met ";

7) part two of Article 12 of the Law of Ukraine "On Advertising" (Vidomosti Verkhovnoi Rady Ukrainy, 2004, № 8, Art. 62; 2008, № 18, Art. 197) shall be worded as follows:

"2. Social advertising shall not contain references to a specific product and / or its manufacturer, to the advertiser (except in cases where the advertiser is a public association or charitable organization), to objects of intellectual property rights belonging to the manufacturer of the product or the advertiser. social advertising, except for advertising of national films.

Advertising of national films is equated to social advertising and may be placed and distributed, subject to compliance with the requirements established by the twelfth paragraph of the first part of Article 8 of this Law ";

8) Section VIII "Final and Transitional Provisions" of the Law of Ukraine "On Collection and Accounting of the Single Contribution for Compulsory State Social Insurance" (Vidomosti Verkhovnoi Rady Ukrainy, 2011, № 2-3, Art. 11 as amended) shall be supplemented paragraphs 1 of the following content:

"1 To establish that the payment by a resident of Ukraine of income to natural persons - non-residents who carry out business activities in the field of cinematography not on the territory of Ukraine, is not subject to accrual of a single contribution to compulsory state social insurance";
9) in the Law of Ukraine "On Electronic Commerce" (Vidomosti Verkhovnoi Rady Ukrainy, 2015, № 45, Art. 410):

the fourth part of Article 9 shall be supplemented with the second and third paragraphs of the following content:

"A provider of intermediate information services that provides intermediate (temporary) storage of information provided by the recipient of the service, with the sole purpose of improving the further transmission of information to other recipients at their request, is not responsible for automatic, temporary and intermediate storage of information and for damage caused by the use of such services, provided that it does not change the content of information, meets the conditions of access to information, including legal requirements for access to information about the owner of the network resource, follows the rules of updating information in a manner recognized and used in industry, does not interfere with the lawful use of technologies that are recognized and used in industry, when obtaining data on the use of information takes quick action to prevent access to information stored, after he learned that the information in the original source of transmission was deleted from network or access to it is impossible, or there is a court decision to remove or deny access.

An intermediary information service provider that provides ongoing storage services at the request of the hosting service provider shall not be liable for the content of the transmitted or received information stored at the request of the service provider and for damage caused by the use of such services, provided that it has no information about the illegal activity or facts or circumstances that indicate that the activity shows signs of illegal activity, or regarding claims for damages from such illegal activity, and the supplier, after receiving such information, takes prompt action to eliminate access or termination of access to information, including in accordance with the requirements of copyright and related rights legislation ";

Article 17 shall be supplemented with part four as follows:

"4. The intermediary service provider shall be liable for the content of the transmitted and received information and for the damage caused as a result of using the results of such services, provided that any of the circumstances relieving him of liability established by Article 9 of this Law are absent.".

4. From the date of entry into force of this Law, laws and other normative legal acts shall apply to the extent that they do not contradict this Law.

5. The Cabinet of Ministers of Ukraine within three months from the date of entry into force of this Law:

submit to the Verkhovna Rada of Ukraine draft laws of Ukraine on amendments to the Budget and Tax Codes of Ukraine in order to ensure the practical implementation of the provisions of this Law;

ensure the adoption of acts necessary for the implementation of this Law, including the unified state system of electronic accounting of tickets sold by cinemas, "Single electronic ticket";

bring their regulations in line with this Law;

6. Competitive selection of film projects for the formation of the Program of Production and Distribution of National Films, initiated before the entry into force of this Law, shall be completed by inclusion of film projects with the highest score in the Program of Production and Distribution of National Films within the terms and conditions film projects for the formation of the Program of production and distribution of national films, approved by the central executive body that ensures the formation of state policy in the field of cinematography, and the legislation of Ukraine.
Films that are included in the Program of Production and Distribution of National Films based on the results of competitive selection of film projects for the formation of the Program of Production and Distribution of National Films started or conducted before the entry into force of this Law, or by a central executive body implementing state policy in cinematography, concluded state contracts for the production of national films on the terms of the state order (or contracts for financial support of film production) before the entry into force of this Law, must be completed by production.

7. State support of cinematography in the forms provided for in Article 7 of this Law shall be provided after the establishment by the Cabinet of Ministers of Ukraine of the Council for State Support of Cinematography.

President of Ukraine

Kyiv, March 23, 2017
№ 1977-VIII

CULTURAL TEST

Cultural criteria

1. The plot line / script / central theme of the film is based on events that are part of Ukrainian or European culture / history / mythology / religion - 2 points.

(This criterion applies to works based on events or cases that are part of traditional Ukrainian or European culture / history / mythology / religion)

2. The film is based on a character / personality of Ukrainian / European culture / history / religion or Ukrainian / European society - 2 points.

(This criterion applies to works based on well-known characters / personalities who play a significant role in the plot)

3. The plot line of the film is related to the Ukrainian / European environment / place / locality / architectural or cultural environment - 2 points.

4. The plot line / script / central theme of the film is based on a Ukrainian or European literary work or on an adapted work of other artistic disciplines of cultural significance (fine arts, music, etc.) - 2 points.

5. The plot line / script / central theme of the film focuses on contemporary cultural / social themes of Ukrainian or European society - 2 points.

6. The film reflects an important Ukrainian and (or) European value (values): solidarity / equality / protection of human rights / tolerance / environmental protection / respect for cultural or family traditions / critical thinking / rule of law - 2 points.

7. The film focuses on Ukrainian / European culture / identity or Ukrainian / European customs and traditions - 2 points.

8. The plot line / script / central theme of the film focuses on current or historical events that affect European / Ukrainian society - 2 points.
(This criterion applies to works based on contemporary or historical situations/cases that have an impact on contemporary European/Ukrainian society)

Production criteria

9. The filmmakers are citizens of Ukraine or member states of the European Union:

director, producer/co-producer, cinematographer, screenwriter, lead actor, supporting cast, music author, production designer, costume designer, editing director, make-up artist, production designer, editing and tinting period (post-production) and the head of the department of visual effects, director (first assistant director) - 1/2 point for each case of compliance, maximum 7 points.

10. At least 51 percent of the members of the film crew (except those mentioned in paragraph 9) are citizens of Ukraine or the European Union - 4 points.

11. Shooting takes place in nature, in interiors or studios in Ukraine - 4 points:

if the shooting takes place for at least one day - 1 point;

if the number of filming days in Ukraine is 10 percent of the total number of filming days - 2 points;

if the number of filming days in Ukraine is 25 percent of the total number of filming days - 3 points;

if the number of filming days in Ukraine is 50 percent of the total number of filming days - 4 points.

12. Ukrainian service providers are involved in the production of the film.

For the purposes of applying this criterion, "Ukrainian service providers" means economic entities that are residents of Ukraine.

When the applicant engages any service provider whose services are directly related to the production process, points for which are awarded in accordance with criteria 12 or 14, points for the involvement of such service providers under this criterion are not awarded.

Thus, if the film is shot in locations (premises) or premises (studios, pavilions, etc.) in Ukraine, the scores under criterion 13 will be provided for those service providers who are directly involved in the work (services) of the preparatory period.

Points are awarded on the basis of a percentage calculation in accordance with the following methodology:

if Ukrainian service providers were involved in the works (services) of the preparatory period in Ukraine for at least one day, - 1 point;

if Ukrainian service providers were involved in the works (services) of the preparatory period by at least 10 percent of the total number of days of the preparatory period - 2 points;

if Ukrainian service providers were involved in the works (services) of the preparatory period by at least 25 percent of the total number of days of the preparatory period, - 3 points;

if Ukrainian service providers were involved in the works (services) of the preparatory period by at least 50 percent of the total number of days of the preparatory period, - 4 points.
